

News Release**May 2014 Monthly Sales Report**

Issued by: BizLink Holding Inc. (TWSE code: 3665)

Issued on: June 5th, 2014

BizLink Holding Inc. (TAIEX: 3665) announced May 2014 consolidated net sales of US\$ 19,674 thousand, an 8.52% YoY* decrease. The YTD consolidated number reached US\$ 98,714 thousand, increased by 5.76% YoY**.

Revenue status:

- The pull-ins for North America ATV manufacture client was flat due to in transition to new models. The recovery is expected in mid Q3.
- Game console customer switched the physical interactive device to optional, thus reduced the demands on the connecting cables.
- Photovoltaic shipments were impacted by the inventory reconciling by India clients, slightly lower in May.
- Demands on server cables shall recover by the end of Q2.
- Docking station for OEM customer is expected to go into mass production in the end of Q3

Uncertain factors:

- The shortage of IC components may jeopardize the dongles shipments.
- The labor contract negotiation in US West Coast ports may jam the ocean shipments to North America if longshoremen seek to apply pressure on management by striking or employing any of a number of slowdown tactics
- The annual equipment maintenance of auto industry in summer will interrupt productions in car factories, for long or short, thus will impact the inventory pull-in.

Note:

* The consolidated net sales for May 2013 totaled US\$ 21,506 thousand.

** The consolidated net sales from January to May in 2013 totaled US\$ 93,338 thousand.
