Issued by: BizLink Holding Inc. TWSE code: 3665

Issued on: Nov. 9th, 2018

BizLink Holding Inc. (TWSE: 3665) announced the results for the third quarter of 2018 today. The audited consolidated net sales totaled a record high of NT\$5,678,186 thousand (about USD185,131 thousand. Note 1), with an increase of 26.62% (calculations made in NTD. Notes 2) compared to the same period in 2017. The net income (attributed to shareholders of the parent company) was NTD437,481 thousand (USD14,264 thousand), an YoY increase of 42.77% (calculations made in NTD. Note 3). The EPS for this quarter is NTD3.72 (USD0.1213).

2018 Q3 Highlights

- Information Technology Harness: Docking stations reached peak season, with increased revenue in cable docking and dongle. Inventory adjustments were made for customers in the end of quarter.
- Motor Vehicle Harness: This quarter’s revenue is slightly higher than that of the previous quarter thanks to steady shipment growth.
- Industrial Harness: Remained stable overall.
- Electrical Appliances Harness: Revenue decreased slightly at the beginning of the quarter due to annual summer recess in Europe and recovered in mid-quarter after stabilizing of working days.

Outlook for the Subsequent Two Quarters

- Information Technology Harness: Momentum for the mainstream docking station remains strong with steady shipment. Docking station aimed for the consumer market will launch at the end of the year. Shipment is expected to increase gradually from the first quarter of 2019.
- Motor Vehicle Harness: Shipment is expected to increase gradually and steadily owing to the stabilizing of the customer’s mass production rate.
- Medical Harness: Remains stable or marginal growth the entire year.
- Industrial Harness: Overall pull-ins maintain in solid demand. The percentage of semiconductor harness is still small, but maintains steady growth.
- Electrical Appliances Harness: Material cost of the raised copper prices are gradually reflecting to end customers. The Eastern Europe sites will continue to search for new business partners as a long-term strategy.

BizLink Holding Inc.

- The manufacturing locations of products for the Information Technology, Motor Vehicle, and Medical will be agreed upon with customers and transferred to Malaysia, Mexico, and other areas from China in response to the U.S. successively raised tariffs against multiple China goods from the second half of 2018.

(Note 1) The consolidated net sales in the third quarter of 2017 totaled NTD4,484,520 thousand (USD148,189), CPA audited.

(Note 2) BizLink completes acquisition of LEONI's Electrical Appliance Assemblies Business Group. The sales of the new Business Unit contributed from May financials.

(Note 3) Calculations were made by the CPA audited consolidated financial statements of 2018 third quarter.
