Feb 2020 Monthly Sales Report

Issued by: BizLink Holding Inc. (TWSE code: 3665)

Issued on: March 5th, 2020

BizLink Holding Inc. (TAIEX: 3665), today announced that consolidated net sales for February 2020 totaled US\$57,393 thousand, an increase of 4.63% YoY*. The YTD consolidated net sales for 2020 reached US\$109,466 thousand, a decrease of 5.56% YoY**.

Monthly Update (MoM):

- The impact to February shipments by COVID-19 was curtailed on the back of existing inventories built prior to the Chinese New Year, especially those for the IT&CE and the Motor Vehicle segments. This kept our shipments smoothly flowing to customers.
- Overall customer demand was firm with the Motor Vehicle segment and our semiconductor capital equipment customers remaining strong.
- Work resumption post the Chinese New Year was delayed by COVID-19, cutting the total number of work days. However, production levels gradually recovered in late February, and will be back to normal capacity levels in late March. Production levels will be temporarily impacted by mandated quarantine procedures as well as some component shortages. Near-term cost increases will be minimized as much as possible.
- Part of February sales included overseas shipments to customers from the Chinese New Year till the end of January.

* The consolidated net sales for February 2019 totaled US\$54,855 thousand.

** The YTD consolidated net sales for 2019 totaled US\$115,915 thousand.
