### 2018 Q2 Highlights

- Information Technology: The momentum maintained strong for commercial docking stations.
- Motor Vehicle: Harness shipments for the new EV model spiked in end of the quarter. Sales volume for ATV increased due to peak demand in the summer.
- Demand for Medical and Industrial harnesses remained stable.
- Electrical Appliances Harnesses: Q2 revenue was higher than of the previous quarter.

### Outlook for the Subsequent Two Quarters

- Information Technology: An increase shipment for the new docking station is expected. Docking station for the consumer market is launching in the second half of the year.
- Motor Vehicle Harness: Shipments for the new EV model are expected to increase gradually thanks to the steady growth of the customer.
- Medical and Industrial: Overall shipments increases can be expected thanks to the solid demand from customers.
- Electrical Appliances: The rise of copper prices in Q1 will be gradually reflected to end customers.

\* The consolidated net sales in 2017 totaled NTD3,659,873 thousand (USD120,953), CPA audited.

\*\* BizLink completes acquisition of LEONI's Electrical Appliance Assemblies Business Group. The sales of the new Business Unit contributed from May financials.
