Monthly Update (MoM):

Overall shipments slightly rose across our four segments (Industrial, IT DataComm, Automotive, and Electrical Appliance) with minor impacts seen from scattered but short interruptions of our production in Shenzhen and in Changzhou as well as from raw material and component shortages. First quarter sales declined in-line with seasonality.

Overall shipments were also moderately up for INBG despite concerns around the Ukraine-Russia conflict, lockdowns in China, and supply chain issues. INBG's sales accounted for about 41% of total sales. Discussions are ongoing across the combined business for potential areas to cooperate on, including joint sales and marketing activities.

* Consolidation of INBG's financials began from January 21, 2022.

** The consolidated net sales for March 2021 totaled US\$76,797 thousand.

*** The consolidated net sales for YTD 2021 totaled US\$216,252 thousand.
