BizLink and Society

6.1 Participation in Social Welfare

6.1 Participation in Social Welfare

As the Company's business and performance continue to grow, we also strive to make contributions to the land we grew up in. By upholding the principle of "Give back what you take from society", BizLink has materialized our benevolence and affection in the form of tangible actions so that we can embrace the society, fulfill our corporate social responsibilities and contribute towards a brighter future.

In 2018, BizLink locations worldwide donated NT\$5,493,663 to charitable causes, 38.7% more than in 2018. In the future, we will continue to uphold the positive attitude and participate in social welfare-related activities, thereby spreading love to all corners of the world and fulfilling our duties as a global corporate citizen.

NCTU's Advanced Rocket Research Center (ARRC) Rocket R&D Project

BizLink supports aerospace technology development and talent cultivation. We have sponsored the rocket R&D team chaired by NCTU Professor Tsung-Hsin Wu as well as students from NCTU's Mechanical Engineering Department, NTUT's Electronic Engineering Department, and NCKU's Department of Engineering Science to develop small proprietary satellite launch vehicles in Taiwan since 2016.

The ARRC rocket conducted its test flight on December 1, 2018. The orange-red rocket successfully launched into the sky, leaving behind a trail of white smoke. The test ushered in a new age of MIT rockets and space aspirations despite the separation system and recovery system not deploying as planned.

Interdisciplinary Education

BizLink strives to provide social and educational support to remote townships that are lacking in resources so that the students there may receive professional assistance, and be given an opportunity to develop their talents. The Company sponsored the baseball team from Bei-Nan Elementary School in Taitung County to participate in the SuperCamp, where they learned about fundamental skills associated with modern technologies such as robots, programming, and drones under the guidance of professional teachers and enthusiastic volunteers. The purpose of the camp is to foster interaction between children from the rural and urban areas so that they can all learn new knowledge.

“A Bag of Milk go Ballistic” Charity Health Walk Event

BizLink cares about the nutrition of school children from disadvantaged families; our employees voluntarily initiated small donations to sign up for the health walk. The organizer estimates that over 15,000 people have participated for the event, raising a total of NT\$3.5 million through personal and corporate donations. The funds raised will ensure that 2,000 school children from disadvantaged homes will be able to enjoy a bottle of milk every morning over the entire school year.

▲ The total length of the health walk is 35km, and BizLink employees participated enthusiastically in the event, raising money to purchase milk for disadvantaged school children every day.

Slovakia

The petty cash donation drive was started voluntarily by BizLink employees, and serves to help underprivileged groups. In 2018, our employees joined the Dúha v srdci charity fundraiser, which assists children with disabilities.
